

COVID-19 Update

Dear Members and Guests:

The Bay Point Golf Club *and* KemperSports leadership teams are closely monitoring the impact of coronavirus (COVID-19) and taking preventative measures to ensure that we are providing the highest level of service and cleanliness to our members and guests.

We are following the guidelines established by the CDC for preventing the spread of the virus, and we have implemented additional sanitation measures at our facility to mitigate risk and reduce the spread of germs. This includes the following procedures:

1. We have increased frequency in cleaning schedules with a focus on public areas, including handrails, door handles, cash machines, golf carts, and other high-touch common areas.
2. Asking for our members and guests to limit cash transactions by using credit and atm cards as the preferred method of payment whenever possible.
3. We have implemented enhanced food and beverage health procedures in our Food & Beverage areas.
4. Based on product availability we will be providing hand sanitizer to members, guests, and staff.
5. We have posted visual signage throughout our facility encouraging everyone to wash hands thoroughly, along with verbal communication.
6. Our customary '*handshake welcome*' with our guests will be replaced with a standard "hello" to limit human contact.

The health and safety of our members, guests, and staff is our highest priority and we will continue to monitor the impact of coronavirus and work with health experts to ensure that our staff is informed and prepared.

We appreciate your support and cooperation to create a safe and healthy environment at Bay Point Golf Club.

For the most updated information, please refer to **Centers for Disease Control and Prevention (CDC)** or your local health authority.
